FEBRUARY CODE COMPLIANCE SWEEP!

During the month of February we will be continuing covering the entire City looking for two types of violations.

The first sweep will be for the proper display of Street Numbers.

Our Code of Ordinances (this section was updated last year) states the following:

Sec. 96-05. - Display of street numbers.

(A) The street numbers assigned to all structures in the City shall comply with the following requirements:

- (1) Must be at least three inches in height.
- (2) Must be in a contrasting color to that of the structure to which it is attached.
- (3) Must be visible and easily readable from the roadway fronting the displayed street number.
- (4) No trees, shrubs, or other foliage shall be maintained in such a manner as to obstruct the visibility of any street number from the roadway fronting the displayed street number.

(B) Notwithstanding the foregoing, street numbers may be displayed upon attached or detached mailboxes, so long as the location and placement of the street numbers on the mailboxes is in compliance with the requirements of the preceding section.

(C) All street numbers which are currently easily readable and visible from the roadway fronting the displayed street number shall have two years to comply with all the requirements of subsection (A) of this section.

(D) All street numbers which are not currently easily readable and visible from the roadway fronting the displayed street number are required to immediately comply with the requirements of subsection (A) of this section.

(1962 Code, § 19-5; Ord. 247, passed 4-25-60; amend. Ord. 1028-2011, passed 11-28-11)

PLEASE MAKE SURE THAT YOUR STREET NUMBER IS PROPERLY DISPLAYED. THIS COULD BE VITALLY IMPORTANT TO YOU IF EMERGENCY SERVICES (POLICE OR FIRE/RESCUE) ARE TRYING TO LOCATE YOUR HOUSE! THANKS FOR YOUR COOPERATION.
